

# Hoi An Rural Villages Experience

Tour Runs Daily 1:30 pm (Lasts 3.5 Hours)

See Hoi An as the locals do. Relax as we bring you through the breathtaking countryside and waterways while stopping to see families & their crafts.

Setting off from Café Zoom in Hoi An, we head out west along the banks of the Thu Bon River, first stopping at a bustling **local fish market** before heading into the **rice paddy-rich** countryside and local villages, stopping to meet a **local family** producing **local rice crackers**. Crossing a bridge over the Thu Bon River takes us through more quiet villages and then into beautiful farmlands, where we take a break for a **local specialty dish** while surrounded by seasonal vegetables in the picturesque fields of corn, eggplants, sweet potatoes, cucumbers, and herbs (location is seasonal).

As the sun starts to go down, we set off through the rice paddies, passing duck farms, visit a **local mat weaving family** and then ride along by the prawn farms and over the river to visit a charming family home where they produce the local & potent favorite brew – **rice wine**. It's then a short ride over the Cam Kim Bridge into Hoi An as the sun begins to set on this beautiful heritage town.

**Highlights** – local fish market, zooming through the countryside, rice cracker family, local food on tour, mat weaving family, home rice wine distillery.
