Set out on Bicycle for a day of discovery across rural Vietnam

Real Vietnam Tour is a perfect combination of bicycle tour and discovery of the Vietnamese culture and way of life.

After a boat transfer, of approximately one hour on the Thu Bon river, you will arrive at a small village in the middle of the delta where you will begin your cycling tour.

The morning will be spent cycling 16km across the countryside and rice fields. You will cross from island to island taking the unusual bridges made from wood or bamboo.

The morning will be spent cycling 16km across the countryside and rice fields. You will cross from island to island taking the unusual bridges made from wood or bamboo.

A short boat crossing will bring you to a small island where you will enjoy lunch in the home of a local family.

In the afternoon you will continue the same route as the "Countryside Bicycle Tour" and discovering local crafts.

This tour includes crossing the river on a local ferry, visiting the crafts workshops, crossing a floating bridge, and a bamboo bridge, and several other stops along the way.

ADDITIONAL INFORMATION:

Times and Dates:

- Departure every day.
- Meeting point at our location at 7:45 am and departure at 8:00 am ([see map](#)).
- Return: You will return to our location at around 5:00 pm.

Difficulty:

- The roads are flat and without traffic.
- The planned stops along the way allow you to rest, take photos and meet the locals.

Distance
